Dear Occupier,

Proposed Green Street Green CPZ 'GSG' Consultation

In December 2023, the Council surveyed the Lazayre Road area bounded by Glentrammon Road to the north and east, Vine Road and Worlds End Lane to the south and the High Street the west. The survey sought views on the possible introduction of a Controlled Parking Zone. The Council distributed 380 letters and received 131 responses constituting a 35% response rate.

The results showed that 52% (68) of respondents said they think the Council should introduce a CPZ in the area. Please note that we have excluded the High Street, Glentrammon Road, Pincheck and Vine Road from our CPZ proposals as they were not in favour of controls.

Considering the details above, the Council proposes to progress by introducing a CPZ. If most respondents favour controls, the zone will be called CPZ 'GSG'. The questionnaire below (link provided) offers options for the zone's operational times. The options include an area operating between Monday to Friday, Saturday or Sunday. And where the operational times stretch over part of the day (e.g. 10am to 12noon) or a full day (e.g. 8.30 am to 6.30 pm).

Resident permits would cost £150 (per annum) for full-day zones and £80 (per annum) for part-time zones. Visitor Permits would cost £55 or £45 respectively (per book of 15).

Details of the proposed layout, information on what CPZs are and how they work can be found on the Bromley website using the link below and selecting "CPZ GSG".
www.bromley.gov.uk/consultation We will also be holding a public exhibition at the Greenwood Centre, 4 High Street, Green Street Green, BR6 6BQ, where residents can walk in and speak to officers about the proposals on:

- Monday 26 February 2024 – 5pm to 8pm

You can help us gather your thoughts by filling out a questionnaire online using the QR code below or the following link:
